

Jacksonville Zoo and Gardens Scavenger Hunt

Using the map on the floor, find your neighborhood. What body of water is closest to your home?

Of the animals in the Splash Ground, which ones might you find in the St. Johns River as well as the Atlantic Ocean?

What water conservation tip does Hydro share with you at the handwashing station outside of the Animal Care Yard?

What adaptations do otters like Raleigh have for life in the water?

Squirrel monkeys get their water from what sources?

What are your favorite activities in Forest Play?

Draw and label the parts of a stream after visiting the Stream Table.

What information can you record at the Weather Station?

One of the activities sponsored by the
